DIRECTORY SYMBOLS AND DESIGNATIONS

IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

INTRODUCTION AND GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories (publishers of the Sanford Directory since 1950), present to subscribers and the general public, this, the 1969 edition of the Sanford City Directory, which also includes Carbonton Heights, Colonial Acres, Forest Hills, Jonesboro Heights, Temple Terrace and West Lake Valley. (In all, the Hill Directory Company and its affiliated companies publish more than 1,400 city, county, state and national Directories).

Confidence in the growth of Sanford's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Sanford to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Sanford Directory will fulfill its mission as a source of authentic information pertaining to the community.

Five Major Departments

The five major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section, which embraces a list of the names and addresses of all business and professional concerns of the communities, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the communities. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In busy and diversified communities like Sanford, Carbonton Heights, Colonial Acres, Forest Hills, Jonesboro Heights, Temple Terrace and West Lake Valley, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns, is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Sanford, Carbonton Heights, Colonial Acres, Forest Hills, Jonesboro Heights, Temple Terrace and West Lake Valley, and the name official personnel, nature and address of each firm and corporation in the community.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes, the listing of telephone numbers and Zip Code numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

V. THE SANFORD RURAL ROUTE DIRECTORY is the fifth major department, printed on white paper.

Community Publicity

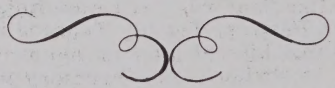

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Sanford and vicinity.

The Sanford Out-of-Town City Directory Library

Through the courtesy of the publishers of the Sanford City Directory, a Directory Library is maintained in the offices of the Sanford Chamber of Commerce Inc., for free reference by the general public. This is one of more than 1,000 Directory Libraries installed in cities and towns throughout the United States, Canada and Puerto Rico by members of the Association of North American Directory Publishers.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

HILL DIRECTORY COMPANY,
Publishers.

Population

Sanford, chartered in 1875, has grown steadily. The 1880 census indicated a population of 236. By 1950 it had grown to 10,013 and in 1960 is increased to 12,250. The present 1968 population is estimated to be 14,500. Sanford is known as a friendly city; visitors note that friendliness is an outstanding characteristic of the citizens.

The major portion of Sanford's work force is engaged in manufacturing; 53 industries, ranging in size from 10 to 1,200 employees, hire a total of more than 6,000 workers. Sanford's industries are well balanced and diversified, turning out a wide range of products; Major products include: lumber and lumber products, furniture, cabinets, brick, tile, textile machinery, hosiery, flour, poultry and livestock feed, fertilizer, meat packing, lingerie, yarn, electronic components, men's clothing, lighting fixtures, iron castings, cigar filler, monograms, and air diffusion vents and grilles.

Wholesalers of groceries, fruit, dairy products, flowers and beverage bottling plants make Sanford a distribution point. The tobacco market, part of the Middle Belt is an important economic factor.

Recreation

The city of Sanford has a full time Recreation Department staffed with paid Recreation and Parks personnel. This offers city residents two municipal swimming pools, nine all weather tennis courts, six lighted athletic fields and a full range of year round recreation activities for young and old.

Fishing and boating are both available for those who desire it. A municipal golf course and clubhouse, two modern movie houses and one drive-in theater afford the residents a wide range of activities. Churches

Sanford has 26 churches, representing most all major religious denominations. Buffalo Presbyterian Church, near the city limits, is one of the oldest in the area. It was first organized in 1797 by Scotch Highlanders.

Education

Sanford has 10 public schools, including two high schools; Sanford Central High School and W. B. Wicker High School are both members of the Southern Association of Colleges and Secondary Schools. Central High is built on a 28-acre site at the city's edge; it is a campus type facility, with one-story units—one of the first of this type in North Carolina. The elementary schools have earned number 1 ratings with the accrediting agencies; these schools are among the best in North Carolina. Sanford's schools are guided by a sound, workable philosophy aimed at developing the child's body, mind, attitudes, and personality.

The Central Carolina Technical Institute, located in the Sanford city limits, established as the Lee County Industrial Education Center in 1962, was raised to the technical institute level on October 2, 1965. It is one of more than twenty such institutions operated by the state under the direction of the Department of Community Colleges in Raleigh and is administered by a local Board of Trustees.

The purpose of the institute is to provide trade and technical training and general adult education for the residents of Central North Carolina who plan to work in today's modern businesses and industries.

ing operating costs. Winters are short. Summers are long and warm, but not oppressive. Precipitation varies from 42 to 52 inches. Mean annual temperature, 59.8 degrees F. Altitude, 370 feet.

Rail Service

Sanford is a rail center, having three railroads. The Seaboard Coast Line Railroad is a main line affording north and south transportation with direct connections at Fayetteville. The Southern connects with its main line at Greensboro. The Atlantic & Western provides local services. The Norfolk-Southern runs across Lee County, connecting with the Seaboard Coast Line, but does not touch Sanford. These railroads offer the best in freight and passenger transportation to all points of the compass. Overnight Pullman service to Jacksonville, Atlanta and New York City.

Y., to Savannah, Ga., through rich agricultural areas and large industrial cities. U. S. Highway 421 runs from Michigan City, Ind., across the Piedmont and coastal plains to Wilmington, N. C., U. S. Highway 501 from Lexington, Va., to Myrtle Beach, S. C., give Stanford an excellent location as far as tourist traffic is concerned. Is it any wonder that people say "All roads lead through Sanford!"

Sanford as a Trading Center

Sanford has a large trading area because of its location. There are no large cities nearby. Sanford offers both modern downtown shopping facilities and suburban shopping centers to fit the individual needs of area residents. Surrounded by a rich agricultural region and timberland, it offers the farmers markets for their products and supplies for their families, homes, farms and sawmills. It has a balanced and diversified industrial life. 53 manufacturing plants afford a great variety of places for the residents to work. Agricultural crops include tobacco, cotton and corn. There has been a gratifying increase of livestock of all kinds on the farms. The tobacco market is among the best in the state as far as prices are concerned. The stores are equal to the best—as visitors know.

The membership of the Sanford Chamber of Commerce Inc. is made up of the business and professional men of the community, who not only are interested in the work, but also enter actively into the problems and tasks confronting the Chamber.

The influence of this body has been largely responsible for the many developments in the city, and in every progressive movement the Chamber of Commerce uses its agencies and influence for the best interests of the community. The Chamber of Commerce also serves as a clearing house and general bureau of information, and as a license bureau for the sale of automobile license plates.

The management of the Chamber is in the hands of a board of directors who employ an Executive Vice President and a secretary and maintain offices at the Railroad House, corner of Hawkins Avenue and Carthage Street.

Know Your Directory SYMBOLS

"r" AND "h"

Two important symbols are used in your City Directory. The symbol "r," before an address stands for "Resident." That person resides at that address but is not the head of the family or family head. The symbol "h" stands for "Householder"—the person in whose name the home is occupied.

Measures of Value...

The dollar is an accepted measure of value. So are the All-Electric Building Award and Gold Medallion symbols.

For business, industry, schools and churches, the All-Electric Award means that flameless electricity is the only source of energy for the building. It is used for heating and cooling as well as for lighting and power.

In homes and apartments, the Gold Medallion is a symbol of the luxurious comfort, convenience and practical economy of modern flameless electric living.

If you would like more value for your dollar investigate All-Electric. A CP&L Representative will be glad to give you more information. Just call your nearest CP&L office.

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

HILL'S
SANFORD
STREET and AVENUE GUIDE
INCLUDING
TELEPHONE NUMBERS, HOME OWNER SYMBOLS and ZIP CODES
1969

Including Carbonton Heights, Colonial Acres, Forest Hills, Jonesboro Heights, Temple Terrace and West Lake Valley

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol ◎ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Zip Code numbers are shown immediately following each street description. If a street runs through more than one zone, the new Zip Code number is shown immediately preceding the lowest street number in the new zone.

The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.

This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.
